

Hello :-)

My name is Alyssa and I am 17 years old. I was born with a bilateral cleft lip and palate. I will be 18 in January next year. I live in a rural town in Australia called Wodonga. I live with my mum, dad, little brother and our dog Holly. Holly is a miniature schnauzer and she is very cute. I am currently studying year 12, which is my last year of high school. At school I study English, Japanese, Chemistry, Biology and Math Methods. Next year I want to go to university to study medicine or speech pathology. I hope to specialise in paediatrics. After school I study a lot but i also have fun. On Tuesdays i do ballet and on Wednesdays I play netball and do pilates. I have been doing ballet for 12 years and i just started netball and pilates this year.
